Safeguarding Children Policy

- Pillarwood Farm Pre-School is fully committed to our responsibility to safeguarding children from harm or abuse. The welfare of the children attending this setting is paramount and concerns about child abuse or risk to the child's wellbeing are taken seriously. This policy applies to all staff, management, students and volunteers working in the setting and the families accessing the setting.
- In accordance with the reformed EYFS, Pillarwood Farm Pre-school and Children's Woodland Adventures will have regard to the Government's Statutory Guidance 'Working Together to Safeguard Children' (EYFS requirement 3.7). We work within the guidelines set out by the Lincolnshire Safeguarding Children Board (LSCB) for Child Protection and Early Help. If we have concerns about children's safety or welfare the setting will notify agencies with statutory responsibilities without delay.
- Recruitment procedures ensure the suitability of staff and volunteers working with children and will follow EYFS welfare requirements with regard to the Disclosure and Barring Service (DBS) checks, and references. *(Those settings not Ofsted registered are advised to follow requirements laid down in the EYFS requirements and the Lincolnshire Safeguarding Children's Board to ensure good practice is met).*
- Where there is a delay in obtaining the enhanced DBS check, staff will not have unsupervised contact with children.
- All staff are expected to disclose any convictions, cautions, court orders, reprimands and warnings which may affect their suitability to work with children whether received before or during their employment at the setting. There is a process in place that updates the staff suitability form six monthly and the DBS updated online every six months. This process ensures suitability is looked at regularly and provides staff with opportunities to share such information.

- All staff are trained in the setting's safeguarding policy and procedures within the first week of employment and will be required to attend safeguarding training every six months.
- All staff are made aware of possible indicators of child abuse and the procedures for recording and reporting, through staff training both internal and external.
- The staff will be made aware of the importance of recognising reporting inappropriate behaviour displayed by other members of staff, or any other person working with the children. - We work within the guidelines set out by the Lincolnshire Safeguarding Children's Board which are underpinned by the statutory document entitled 'Working Together to Safeguard Children' (refer to procedure).
- A practitioner has been designated to take lead responsibility for safeguarding and liaising with local statutory children's services and with by the Lincolnshire Safeguarding Children's Board

Operation Encompass is a national scheme which runs between childcare settings, schools and the police.

Operation Encompass is the reporting to settings prior to the next pre-school day, when a child or young person has experienced any domestic abuse.

Operation Encompass will ensure that a member of the pre-schools staff (designated safeguard lead), is trained to allow them to liaise with the police and to use the information it has shared, in confidence, while ensuring that the pre-school is able to make provision for possible difficulties experienced by children, or their families, who have recently experienced a domestic abuse incident.

Disclosure and Barring Service (DBS) Information

The primary role of the Disclosure and Barring Service (DBS) is to help employers make safer recruitment decisions and prevent unsuitable people from working with vulnerable groups including children. All providers must have effective systems in place to ensure that all practitioners who have regular contact with children are suitable to do so.

Employers should make informed recruitment decisions using evidence from references, interviews, qualifications and DBS (formerly CRB) checks to determine suitability. Ofsted has retained responsibility for undertaking the DBS checks for committee members, private owners and the nominated person. Following changes to the EYFS and Ofsted Inspection Frameworks (2012) employers are now responsible for undertaking DBS checks on the setting manager.

Disclosures should be handled in accordance with the Code of Practice and Explanatory Guidance. The DBS provides an umbrella body search facility on their website which gives employers the opportunity to search for an organisation that can process DBS checks (formerly CRB checks) on their behalf <http://www.homeoffice.gov.uk/agencies-public-bodies/dbs/services/ub/ub-search/>

There are 3 types of check. The employer or organisation running the check should provide the applicant with more information about the level of check required.

Types of Checks

Standard - Spent and unspent convictions, cautions, reprimands, final warnings. These will normally take approximately 2 weeks.

Enhanced - As above plus any additional information held locally by police forces that is reasonably considered relevant to the post applied for. These will normally take approximately 4 weeks.

Enhanced with list checks - As above - plus a check of the appropriate DBS barred lists. These will normally take approximately 4 weeks.

Checks for eligible volunteers are free of charge. This includes anyone who spends time helping people and is not being paid (apart from travel and basic expenses) and is not looking after a close relative.

DBS referral process

The DBS role in making independent barring decisions following referrals from employers or through the Auto bar process continues. Certain employers, those working in 'regulated activity' have a legal duty to refer to the DBS when any individual has harmed a child or vulnerable adult, or there was a risk of harm. Anyone barred by the DBS cannot work or volunteer with the vulnerable group or groups from which they are barred.

The regulations introduced in October 2009 will still apply. These include:

- a person who is barred from working with children or vulnerable adults will be breaking the law if they work or volunteer, or try to work or volunteer with those groups
- an organisation which knowingly employs someone who is barred to work with these groups will also be breaking the law
- if your organisation works with children or vulnerable adults and you dismiss a member of staff or a volunteer because they have harmed a child or vulnerable adult, or you would have done if they had not left, you must tell the Disclosure and Barring Service (DBS)

If you are an employer or represent an organisation and you have concerns that an individual has caused harm or poses a future risk of harm to vulnerable groups including children, you will need to contact the police and also complete a **DBS referral form**. More information about **referrals and the referral process** can be found throughout their web site.

Nappy changing policy and procedures

PRINCIPLES

We aim to support children's care and welfare on a daily basis in line with their individual needs. All children need contact with familiar, consistent carers to ensure they can grow confidently and feel self-assured. Pre-school children that are currently in nappies will have their nappies changed according to their individual needs and requirements. All children will be changed in the morning and afternoon session but checked regularly and changed additionally to these times.

Information will be shared between parents and staff about nappy changing and toilet training at the end of each session.

We wish to ensure the safety and welfare of the children whilst being changed and safeguard against any potential harm as well as ensuring the staff member involved is fully supported and able to perform their duties safely and confidently. Through the following actions we will endeavour to support all parties:

NAPPY CHANGING PROCEDURES

These procedures are to ensure the safety of both the children in our care and the pre-school staff.

- A child's nappy should be checked on arrival at the nursery. If necessary it should be changed immediately. If it does not need to be changed the time checked should still be noted on the nappy changing chart.
- All children should be changed as and when needed, but at least 2 times daily, morning and afternoon. The child should be changed by a member of staff with a valid DBS and NEVER by anyone who has not provided a satisfactory DBS. All nappy changes must be recorded by the member of staff responsible. It should also be recorded whether the nappy was W (wet) or BM (bowel movement), time of nappy change and initialled by the member of staff on the chart in the changing area. This information then given to the parent.
- A child should be changed immediately if they soil their nappy or it becomes wet.
- Only staff with a valid DBS check will be permitted to change nappies.
- When changing a nappy, staff members must wear a disposable apron and disposable gloves. These must be removed after every nappy and placed in the bin.
- After changing a nappy the area should be sprayed with the anti-bac after every nappy change and the nappy placed in a nappy bag and placed in the bin. The staff member should then wash their hands.
- Potties - staff are to give children privacy when using potties, by sitting them out of sight of passers-by and other children using the toilet area. After use staff need to dispose of the waste appropriately in a toilet, potties must be cleaned with anti-bac and put away immediately.

- Children need to wash their hands after using the potty.
- Respect the parent/carers choice of nappies for their child by ensuring you are using the correct make and size of nappy. Only nappy creams brought in by the parent/carers for their own child may be used on the child. Staff must record when a child is sore and cream has been applied. In case of an emergency, the nursery will have a tube of antiseptic cream to apply to children who are sore and the parent has given permission to apply the cream. To prevent cross infection the cream should be squeezed onto the staff members finger covered with a glove.
- Should a member of staff have any concerns about a child they should follow the child protection procedures.
- The changing mat must be disinfected with anti-bacterial spray between each nappy change. Allow the mat to dry naturally or wipe it dry with a paper towel before changing the next child.
- Children must never be left unattended on the nappy changing stand.
- All nappies and wipes must be put into nappy sacks and disposed of in the bin provided. All aprons and gloves must be put into nappy sacks and disposed of in the correct bin provided.
- At the end of the day, or if the bin becomes full, the nappy bags need to be taken to the green bin. An apron and gloves must be worn when doing this.
- Wash nappy bins on a Thursday and leave to air by not replacing a bin liner and lid over the weekend.
- Soiling - if a child has a wetting accident, the soiled underwear needs to be placed in a nappy sack and then into the child's bag or on their peg immediately. Any child having a bowel movement accident needs to be cleaned appropriately, if the underwear is badly soiled, place in a nappy sack and keep in the toilet area until parent collects explain to the parent the condition of the underwear giving them to choice of keeping the underwear or allowing the staff to dispose appropriately in the nappy bag and placed straight into the green bin. The same procedure applies with any garments soiled with blood.

In line with that commitment we encourage employees and others with concerns about any aspect of the settings, operations to come forward and voice those concerns. All our staff have a right and a responsibility to raise any matters of concern regarding poor and ineffective practice at work or any inappropriate behaviour displayed by other members of staff, or any other person working with the children. This includes situations where a member of staff becomes aware that a colleague has failed to execute their duty to safeguard children within the setting or elsewhere. Staff are responsible for the safety and well-being of all children attending the setting and this is a priority over loyalty towards colleagues. All concerns will be responded to and dealt with in accordance with the settings confidentiality policy.

General principles

This policy should:

- Encourage and enable individuals to raise genuine and legitimate concerns without fear of reprisals.
- Support staff to take an active role in the elimination of poor practice that may affect the safety and wellbeing of any child within the setting.
- Ensure concerns are appropriately investigated.
- Protect those making the complaint from victimisation or retaliation.

In addition to this policy, the setting has other policies and procedures covering discipline, grievance and complaints. This policy is intended to compliment these and to cover concerns that fall outside the scope of other procedures.

The manager/ owner will investigate all concerns promptly and thoroughly in accordance with this policy and take appropriate action.

Confidentiality

The manager/owner will do their best to protect a person's identity when a concern is raised, however in some circumstances identities will have to be revealed to the person complained against and the complainant may be asked to provide written or verbal evidence in support of their complaint. If a person's identity is to be disclosed, he or she will be told before the disclosure and the reasons why the disclosure is necessary. Having raised the concerns, the complainant must not talk about it to any other person, inside or outside the setting.

Anonymous complaints

Concerns expressed anonymously are much less powerful and harder to investigate however; this does not mean that they will not be considered.

Malicious allegations

If an allegation is made in good faith but it is not confirmed by the investigation, no action will be taken against the complainant. However; if the allegation proves to be malicious, action may be taken against the person responsible for the malicious act.

How to raise a concern

In the first instance concerns should be raised with the immediate line manager. However; this may not always be appropriate, in which case concerns should be raised with the manager/ owner.

Concerns are best raised in writing. The complainant should set out the background and history of the situation, giving names, dates and places where possible, and the reason for the concern. The earlier that concerns are raised the easier it is to take action. If it is not possible to put the allegations in writing, the person to whom you are making the complaint will make a written record of the conversation and will ask the complainant to sign to confirm the accuracy of the notes taken. Although the complainant will not be expected to prove the truth of the allegations, it will be necessary to demonstrate that there are sufficient grounds for the concern.

The complainant should NOT:

- Investigate the matter themselves.
- Alert those suspected of being involved.
- Approach or accuse individuals.
- Tell anyone other than the designated persons (i.e. manager/ owner).

The complainant will receive a written acknowledgment of their concern along with a copy of their statement within a week of raising the concern.

Investigations

Depending on the nature of the complaint the manager/committee/owner will either investigate or elevate concerns to appropriate agencies.
